

Expression of Interest - Sterilization and Media Technician

Open Call for Sterilization and Media Technician

The **Gulbenkian Institute for Molecular Medicine (GIMM)** is seeking a Sterilization and Media Technician to join Washing Room unit.

The main responsibilities include:

- Collection of dirty materials and delivery/restocking of clean materials;
- Operation of washing machines, steam sterilizers (autoclaves), and sterilization/drying ovens;
- Reception, washing, sterilization, final preparation, and distribution of laboratory materials;
- Preparation of sterile tubes, bottles, and tip boxes;
- Cleaning of equipment and facilities within the area;
- Completion of records/forms;
- Preparation of culture media and other services provided by S&M;
- Preparation and management of user requests through the dedicated platform.
- Support in the training of new S&M technicians and new users.
- Support in stock management of materials assigned to S&M.
- Support in organizing S&M tasks and services, and in resolving non-conformities.

Profile of Candidate

- Secondary education (12th grade) or technical/higher education in the sciences or related fields;
- Strong attendance and punctuality;
- Proficiency in Portuguese, spoken and written;
- Proficiency in English, spoken and written;
- Proactivity and dynamism;
- High sense of responsibility;
- Strong organizational skills, versatility, and attention to detail;
- Ability to work well in a team;
- Good interpersonal and communication skills;
- Computer literacy at a user level;
- Previous experience in culture media and solution preparation or in a similar role.

Working Conditions:

- Initial contract of 1 year, subject to the normal probation period;
- Possibility of extension based on funding availability.

Please send a detailed motivation letter, explaining why this position is of interest and what motivates you to be a sterilization and Media Technician and your CV, detailing previous relevant experience, through the e-mail positions@gimm.pt.
